

Long Term Care @Home

## Expand your pharmacy's patient base by supporting the chronically ill and aging in place in your local community with the support of CPESN® LTC@Home.

Did you know that your pharmacy could have community-dwelling individuals who are considered part of the long-term care population? Leverage long-term-care opportunities leading to expanded reimbursements, new partnerships with providers, and improved patient quality of life. Available exclusively to pharmacies participating in CPESN USA as a secondary chapter affiliation, CPESN LTC@Home is focused on helping your pharmacy become market ready and demonstrate your value to payers for long-term-care at home pharmacy services for chronically ill and aging in place patients in your community. Take advantage of new revenue as a network of high performing long-term-care at home pharmacies.

### Benefits for CPESN Member Pharmacies

- Earn an annual *Endorsement* exclusively for CPESN LTC@Home Pharmacies
- Ensure your *LTC Champion* receives continuous training
- Access to private member portal where pharmacies can:
  - Obtain and utilize an LTC NPI with our expert support
  - Access LTC@Home best practices, patient identification guides, and workflow optimization tools
  - Streamline compliance with LTC@Home documentation, including patient attestations
  - Enhance your marketing efforts with support to engage local providers and attract new customers
  - Gain access to industry partnerships, guidance, and support for licensing, contracting entities and organizations to ensure CMS LTC compliance
- Equip your team with training and ongoing support
- Join scheduled *office hours* with LTC@Home leaders
- Collaborate with like-minded pharmacies to engage providers and generate new revenue sources

### CPESN LTC@Home Requirements

- CPESN USA member in good standing and affiliated with a local network
- Participating pharmacies must also:
  - Have LTC NPI and continue with LTC basic standards
    - ◆ Required with 12 months of joining network
- Identify an LTC@Home champion (for each participating pharmacy location)
- Attend annual Long-Term Care at Home continuing education
- Receive LTC@Home Pharmacy "Endorsement" through CPESN LTC@Home SPN
  - Designated Annually per LTC NPI
  - Requires pharmacies to meet minimum CMS LTC requirements, LTC@Home Minimum Standards and CPESN@Home Minimum Standards

**Costs:** \$79 per NPI per month

*Note: Enrollment of your LTC NPI into CPESN USA is required (at a cost of \$55 per NPI per month). This is in addition to your retail NPI (at a cost of \$95 per month)*
