

# Focused on Helping You Get Paid for Local Social Determinants of Health Service Delivery

Community Health:  
Your Secondary CPESN  
Chapter Affiliate

L&S Pharmacies, Charleston – CPESN® Missouri

CPESN Community Health readies your pharmacy to address the growing health inequity crisis. As trusted community health providers, CPESN community pharmacies are on the front lines every day with patients confronting health-impacting inequities. Integrating Community Health Workers, navigators, and peer health mentors to the pharmacy can expand attractive service offerings funded through a variety of local, state, and federal funding sources, as well as public-private payer partnerships.

## Benefits for the Community Pharmacy:

- **Annual subscription** to the Choose My Pharmacy value-based quality reporting system, with annual quality improvement initiatives
- **Four (4) hours of Social Determinants of Health Continuing Pharmacy Education** for all CPESN Community Health member pharmacists and staff creating marketable Social Determinants of Health specialists on staff
- **State-based Community Health Worker development** and best practice support
- **Aggregation and convening of pharmacy Health Equity experts** for collective value expression

## CPESN Community Health Requirements

**Cost:** \$25 per month

### Minimum Standards:

- CPESN USA member in good standing and affiliated with a local network
- Participation in the Choose My Pharmacy value-based quality reporting system (**quarterly data upload**)
- Minimum of one team member at each CPESN Community Health pharmacy completes the annual 4-hour Social Determinants of Health Continuing Pharmacy Education
- Obtain and maintain a Community Health Worker within 18 months
