

Provide long-term-care support services with patients living at home in your local community with the support of CPESN® LTC@Home.

Leverage long-term-care opportunities leading to expanded reimbursements, new partnerships with providers, and improved patient quality of life. Available exclusively to pharmacies participating in CPESN USA as a secondary chapter affiliation, CPESN LTC@Home is focused on helping your pharmacy become market ready and demonstrate your value to payers for long-term-care support services of patients at home in your community. Take advantage of new revenue as a network of high performing long-term-care at home pharmacies.

Benefits for CPESN Member Pharmacies

- Receive support to obtain and use a LTC NPI
- Utilize best practices and SPN guidance to identify populations, engage pharmacy staff, and create workflows for new services
- Access ongoing training for the LTC champion at each participating pharmacy
- Earn an annual “Endorsement” specifically for CPESN LTC@Home pharmacies
- Leverage collective strength of like-minded pharmacies to engage providers and generate new customer funnels
- Take advantage of the resources of a knowledgeable compliance and quality department

CPESN LTC@Home Requirements

- CPESN USA member in good standing and affiliated with a local network
- Participating pharmacies must also:
 - Have LTC NPI and continue with LTC basic standards
 - ◆ Required with 12 months of joining network
 - Identify an LTC@Home champion (for each participating pharmacy location)
 - ◆ Attend annual continuing education
 - Receive LTC@Home Pharmacy “Endorsement”
 - ◆ Designated annually per LTC NPI

Costs: \$79 per month, for each retail pharmacy NPI or \$49 per month, for each LTC
